INTERESTING ITEMS FROM EL VERANO AND VICINITY.

Weekly Record of all the Happenings in His Town
as Faithfully Recorded by Our Wide-Awake
Reporter, "Archie McKiver."

Deputy Sheriff Jerry Allen of Glen Ellen was in town Monday.

Mrs. Mollie R. Taylor was a visitor to San Francisco last Friday.

Heine Brunner has accepted the position as bus driver for El Verano Villa.

Miss Kitty Bosch and Mrs. P. Rossi visited friends in Vineburg Sunday.

Louis Lamotte is spending the week in San Francisco renewing old acquaintances.

August Hackmier was in San Francisco last Saturday to take a look at President Billy Taft.

Billy Clewe of Sonoma was a passenger for Santa Rosa on Saturday evening's Southern Pacific train.

Mrs. Tom Baines and son Norman, accompanied by Miss Hazel Baines, are visiting relatives in San Jose.

Mrs. D. Crane and two sons are spending the week in San Francisco and Oakland visiting friends and relatives.

John P. Serris Jr. and family of Glen Ellen have moved to this place where they will make their future home.

Rumor has it that two of the leading democrats of this place will try their speed in the contest for Supervisor at the election next fall.

Louis Peterson spent the latter part of last week in Oakland and San Francisco on business connected with his lumber yard in this place.

Editor H. H. Granice of the Sonoma Index-Tribune and Robt. Poppe, the Sonoma attorney, transacted business in Santa Rosa Monday.

Henry Bates took the late train from here last Friday morning en route to Oakland where he took in the laying of the corner stone of the new City Hall at that place.

Mrs. Walter Poulson and Miss Camille Vincent were among the many visitors who went to San Francisco last Saturday to see President Taft.

Constable Joseph Ryan and Justice of the Peace Campbell of Sonoma came down from Santa Rosa on Tuesday afternoon's Southern Pacific train.

Emmet Mullen was a visitor to the metropolis Sunday.

John Basilou, the local barber, was a visitor the county seat Saturday.

Tony Graham and little son Jack were visitors to the Bay City last Monday.

Mr. and Mrs. Sam Rainey were the guests of the Carners the fore part of the week.

Harry Lubbock is having a new roof put on the Riverside Hotel. E. E. Harris is doing the work.

F. Lafranchi is busy this week building a new barn and otherwise improving his property in this place.

Mrs. Chas. Spindler returned from San Francisco Sunday evening after visiting that place for several days.

Mr. J. Vincent, the well-known El Verano butcher, accompanied by his assistant, Walter Poulson, spent Sunday in San Francisco.

El Verano is making good in the marriage line. Rumor has it that we will soon lose two of our charming young girls as two more weddings are on the calendar.

Rumor has it that the John Nordwell ranch in the foothills in the vicinity of Mt. Pisgah has been sold to Theodore Richards, the proprietor of Agua Caliente Springs.

Local hunters were out early Sunday morning in quest of quail. General report say they had good luck and the best shoot heard of was made by Billy and George Block, who bagged the limit.

John Algrin and Leo Dowdall are busy these days working on the new hotel being built for John Serris opposite the Bellevue. When completed it will be one of the finest hotel buildings in the county.

Mr. Maxwell Counts of Kenwood and Miss Mamie Block of this place were married in Santa Rosa last Saturday. The young couple are well and favorably known here, the bride having resided in this valley for several years. The many friends of the newly-married couple in this place wish them much future happiness and prosperity. After a short honeymoon in the southern part of the State the groom and his young bride will go to housekeeping in Kenwood.

Emil Dutil has gone to San Francisco where he has accepted a position in one of the large wholesale houses in that city.

A dog poisoner has struck the town. Several valuable dogs have been killed and if the guilty one is found out there will be something doing.

Mr. and Mrs. A. Nevrumont, after a pleasant visit with Mr. and Mrs. Lamotte of El Verano Villa, left for Los Angeles last Wednesday afternoon. It is the intention of the Nevramonts to return here in the near future and build a home, as the climate of Sonoma Valley agrees with them better than that of Los Angeles.

Last Tuesday while L. Larbre was working on the new bridge that is being erected by a crew of men for John Serris on his property in the upper part of town, he met with a painful accident. One of the men working overhead accidentally let a large rock slip out of his hands and it struck Larbre, who was working below, squarely on one of his hands, badly mashing it. The injured man was hurried to Sonoma and the member was dressed by Dr. Thomson. At this writing Mr. Larbre is free from pain, but his hand will be out of commission for some little time.

Capt. F. Spinster, a well-known seafaring man, accompanied by Fritz Frey, a "white hope," and Walter Kierchner, the San Francisco middle-weight pugilist, is registered at the Bellevue Hotel. Mr. Spinster, who is the manager for these two fighting machines, claims big things for Frey, who tips the scales at 290 pounds, and predicts that within a year he will face Jack Johnson to fight for the championship of the world. The big boys make about twenty miles on the road daily and also box several rounds in the Bellevue gymnasium every afternoon. They will remain here for several weeks as Capt. Spinster claims that this is an ideal place for training and expects to have his proteges in good fighting shape before he leaves town.

GOOD ROADS MEETING MONDAY.

Will be Held at the Agua Caliente School House to Devise Ways for Improving Sonoma Valley's Highways

Posters are out announcing a good roads meeting to be held next Monday afternoon at 3 o'clock at the Flouery district school house, Agua Caliente.

The meeting is called by a number of our enterprising citizens, who believe in doing things, for the purpose of devising ways and means for improving the roads in this valley, which are not in as good a shape as they ought to be for automobiles and every other vehicle for that matter.

This meeting is fraught with much importance to the business interests of both town and valley, as the improvement of our main traveled thoroughfares means increased travel and more revenue for this section. If we wish to create a favorable impression among strangers we must first put our roads in good shape, particularly in this so in these days of the automobile.

Increased travel in Sonoma Valley means more business for its people, and good roads and more business means an increase in property valuations. This being true every farmer, business man and property owner in the valley should attend this initial good roads meeting firmly resolved to get busy and do things, to the end that a beginning be made to make the roads of Sonoma Valley "a thing of beauty and a joy forever" not only for the traveler but for our home people as well.

THE DIVORCE EVIL IN SONOMA COUNTY

"Marry in Haste and Repent at Leisure Couples" Who Would Throw Off the Fetters of Wedlock

The divorce evil is on the increase in this county and every calendar a new batch of mismatched couples bobs up in the Superior Court, who desire to be freed from the matrimonial restraint. All sorts of charges are made in the complaints filed, such as intemperance, cruelty, failure to provide or any other old thing that will tend to sever the hateful marriage tie.

A number of these cases were on the calendar in Judge Seawell's department of the Superior Court last Monday, among them being the following:

Marie Hasper vs. Henry Hasper, which was set for November 16th.

Winifred Frellson vs. Oscar Frellson, which was continued to October 23d.

Jefferson Payne against Anna May Payne, which has been set for October 23d also.

The suit of Kate B. Evans against her husband was taken up at the afternoon session.

The suit of Celestine Adams vs. Tatum Adams was dropped from the calendar. The couple it appeared had agreed to make up.

Henry LeCam was ordered to pay \$50 to Teresa LeCam by 10 o'clock Thursday morning and the remainder of the moneys due the madam for alimony within ten days. This was not to the liking of Henry, but he ponied up just the same.

The Hay Market Middle of October.

Somers & Co. of San Francisco in their report on the condition of the hay market for the week ending 17th inst. say:

"The past week has been a rather uninteresting one on the hay market, owing to two holidays and Saturday, on which day the city entertained President Taft. Arrivals were light, but 2469 tons arriving, in comparison with 3000 the week previous. Considerable alfalfa was included in the receipts and this, as well as the grain hay, moved off quite readily in spite of the fact that trade at the present time is rather quiet. This time of year is almost without exception a quiet period, as most consumers are well supplied with hay, having bought when hay was being shipped directly to market from the fields.

"From a study of conditions in the districts of the State where but little hay is raised, it is evident that these districts will soon have to bring hay from outside points, which will make interior trade and consequently higher prices will prevail. Almost without exception those in touch with hay situation in different parts of the State predict a general higher range of prices, especially if weather conditions are not most favorable for green feed and a bountiful crop next year.

A. E. TOWER READS OF SONOMA'S FIRE

Writes Words of Sympathy to Mayor Cummings and Sends \$100 Check to Relieve Distress

News of Sonoma's recent destructive fire had traveled all over the world within 48 hours after it happened. Mr. A. E. Tower of this place, who is touring the Old World, has written Mayor M. E. Cummings from Wein, Germany, under date of 3d inst., tendering his sincerest sympathy to those who suffered loss and enclosing a check on the Bank of California for \$100 toward relieving distress in the community.

As no destitution was caused by the fire, although the property loss was a heavy one, Mayor Cummings has returned the check to the generous donor with many thanks of appreciation on behalf of our people for his thoughtfulness and kindness.

Enclosed in Mr. Tower's letter is a clipping from the Paris edition of Bennett's New York Herald, from which he gleaned his account of the fire. The clipping in question, which is somewhat exaggerated, reads as follows:

"From the N. Y. Herald, Sept. 21st. The old town of Sonoma was saved from destruction by fire last night by the use of wine from great tanks in the wineries there. The town is built almost entirely of wood and when the fire started it spread with great rapidity.

The water supply was practically exhausted when the firemen turned their attention to wine tanks. With the wine the flames were checked with a loss of \$80,000."

Mr. Tower writes that he and his party will shortly return to Sonoma. He has now been absent several months.

COUNTY LIBRARY IS NOT WANTED.

The Scheme is Defeated by an Advisory Vote Outside of Incorporated Cities

The proposition of establishing a county library system, which was submitted to the people outside of incorporated cities at the election on October 10th, was decided against the scheme by a small majority.

Scale Testing on the Southern Pacific

The Southern Pacific Company maintains a system of testing scales over its lines that has earned a reputation for the company's weighing apparatus. Throughout the entire year a scale test car is taken from one of the systems to the other and every scale at the depots and at the freight sheds is carefully tested as to its accuracy.

The scale test car is much shorter than the ordinary freight car, being only 27 feet in length as compared with the 40 foot box car. Three men, two of whom are employees of the railroad and the other representing the Transcontinental Weighers Association, accompany the car on all its trips. The car is equipped with a blacksmith shop and all tools necessary for the repair of scales and every bit of weighing apparatus is kept in perfect order through the entire year.

Doings of the Various Sets in this City and Its Immediate Vicinity—The Goings and Comings and Other Items of General Interest.

Chas. LaTorres spent Monday in the city.

Monday was one of the hottest days of the season.

Jack Skinner transacted business in Santa Rosa Monday.

Jack Still was a visitor to San Francisco last Monday.

Jack Brown, clerk in Simmons' drug store, has been spending his vacation in Benicia this week.

F. M. Burris, President of the Sonoma Valley Bank, was here from Santa Rosa last Monday.

Attorney Robt. A. Poppe had business before the Superior Court Monday in connection with the estate of John Skinner, deceased.

The municipal rock crushing plant is now running at full blast and in a short time crushed rock aplenty will be used in improving the streets in this city.

Mrs. Robt. P. Hill, one of Sonoma Valley's most prominent club women, represented Glen Ellen Grange, Patrons of Husbandry, at the conference held at the State Farm at Davis last Saturday.

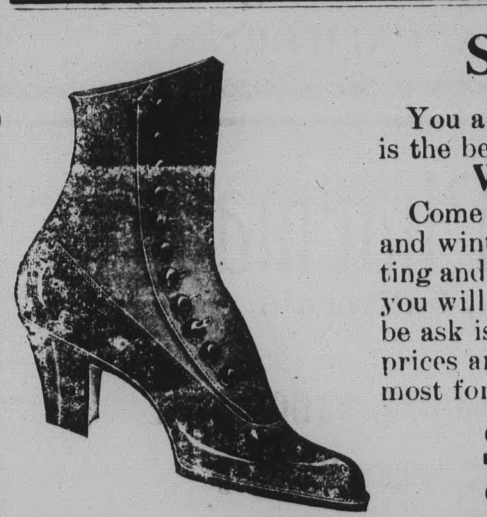

Mayor M. E. Cummings and John D. Wagon, representing the City Trustees of Sonoma, will leave next week for Santa Barbara where they will attend the League of Municipalities. The latter leaves Sunday and the former Tuesday.

Jasper Patrick, chairman of the Napa County Board of Supervisors, passed through here, one day this week en route by automobile to Supervisors Green's road district, where the county Supervisors are testing a road building plant, which has proven very successful in Napa county.

"The Model Wife"

That jolly little comedy, "The Model Wife," will be presented in Union Hall, Friday evening, Nov. 3d, for the benefit of the building fund of the new Episcopal church. Various pretty booths will sell coffee, ice cream, home made candy and all sorts of fancy and useful Christmas work. For the special benefit of boys, a "Country Store," managed by the choir boys, will sell lots of things dear to the heart of a youngster, while an orchestra will give fine music for the dancing which will follow the program.

HIGH FINANCE IN PRODUCT OF BIDDY

F. M. Cook Buys Eggs on Credit at One Store and Sells Them For Cash at Another.

F. M. Cook's idea of high finance led him into serious difficulty last Monday and ostensibly landed him in the county jail for a period of six months.

The offender, who has lived here for some time, went to Glaister's grocery store and secured several dozen eggs on credit on the representation that they were for families residing on Broadway, who had sent him for them with the request that they be charged up. After getting the eggs he went to a rival grocery store only a few doors distant from the Glaister store where he disposed of them for cash. This was on Saturday.

On Monday Cook again made his appearance at Glaister's store and called for five dozen eggs to be charged up to a Broadway private boarding house. The proprietor, however, became suspicious as the thing did not look (legally) right to him so he telephoned to the boarding house to have the order verified, with the result that Cook's scheme was exposed. Investigation then led to the fact that Cook was getting the Glaister eggs on credit and selling them for cash to the rival grocer in the same block.

It was then that Mr. Glaister got on to Cook and his high finance scheme and swore out a warrant for his arrest in Justice Campbell's Court. Upon being arrested and taken before his honor Cook cast one furtive glance at the severe countenance of the Judge and seeing no sympathy there plead guilty on the spot, and the following day was sentenced to six months in the county jail.

The prisoner, who is about 40 years of age, is a comparative stranger here but he has papers in his possession showing three honorable discharges from the army.

Fanatical Prohibitionists Rebuked.

"What is the meaning of the vote in Maine?" asks the Christain Observer. Simply, brother, that the people of Maine have decided to do their drinking before the bar instead of behind the door. It is not a change for the worse; quite the contrary. It is a gain for self respect. Prohibition did not stop the people of Maine from drinking, but it did make them sneaks, humbugs and law breakers. At last they have decided to be honest with themselves. That decision will not hurt the cause of temperance and morality.—Oakland Tribune.

Quite a number of our new citizen voters are registering in the various counties of this State and preparing themselves to enter upon the various civic duties now vouchsafed them by the Constitution of the State of California, which had previously been unjustly denied them. All hail to the new voters, we say.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

VINEBURG NEWS ITEMS

"Easy Jim" Tells in an Interesting Way all About the Week's Happenings in and About His Section of the Valley.

Fred Batto made his usual trip to the metropolis Monday. He was accompanied by his wife.

Ralph Murphy, contractor and builder of Sonoma, transacted business at Batto's spur Sunday.

Enrico I'orni has finished picking his large crop of grapes and we now think that Vineburg is safe.

A large amount of dried fruit is being shipped from this point daily. A straight carload of choice prunes left Batto's spur on Wednesday consigned to a San Francisco firm.

Viola Vineburg is on her way home from Honolulu. Some say she will be the next Mayoress of Vineburg. Poor Jake, never mind, you know.

Our Friend Harry Brandt returned to his old home on Wednesday evening from Portland, Or., on a visit to his parents. Your looking well, Harry.

Ethel Eastlake, sweet Ethel! Where art thou? You promised us some items, but they have not come as yet and we are waiting "Our Darling for Thee."

Since the Suffragettes won out and nothing coming its way the Box Car Improvement Club has decided to go into bankruptcy. Liabilities, hot air; assets, fog.

Before the rainy season sets in it would not be a bad idea for the railroad company to install a few electric globes around Vineburg depot as they will be sure needed. Don't wait for an accident to occur.

William Hatch and wife of San Francisco were passengers on Wednesday evening's train and will be the guests of Mr. and Mrs. Brandt. The Hatch's are well-known and have many friends in this vicinity.

Some one has started a report that a number of our society ladies will soon have a dancing school at this place for the purpose of passing away in enjoyment the evenings twice a month. That will be real nice, but ladies, you will need an experienced gentleman for floor manager.

Miss Mary Batto is at present the guest of her parents at their home Batto's spur.

At the present time the weather is fine and warm, good thing for the vineyardists and wine makers.

Miss Adele Andrieux, the popular young assistant bookkeeper and cashier for John Batto & Sons, was a guest of her sister Mrs. Chas. McDevitt in Sonoma on October 12th, and the following day enjoyed an auto ride to Petaluma.

Quite a number of people arrived here on Saturday evening and Sunday's train. Among them we noticed several well known shotgun experts from the bay city, but the question is did they get the limit. We hope so for we are always pleased to see them here.

Vineburg Oct. 19, 1911.

Easy Jim: Now, no joshing, what did you think about the election—did it come your way or not? At the present time that question is the sole topic at the five o'clock teas held here this week among the exclusive circles—ladies, of course, on Goo Goo avenue and Starlight Way. Please answer in the Index-Tribune next week and relieve the mental strain of the rosebuds.

Yours in anguish
Minnie Madden

Paul Robin, the well known tonorial artist of Sonoma, was a visitor in this burg Sunday last. Some one said he was looking for the race track at Schellville. Oh, you silly Moose, the only ones who know where the track is are Jack Murray, Harry Pape and Jim Small.

The New Pinelli Building

The new Pinelli building, which is springing up Phoenix-like on ashes of the one destroyed by the fire last month, is making rapid progress toward completion under the direction of Mr. S. E. Button, who is at the head of a force of carpenters and other mechanics, and will be ready for occupation in about six weeks. The building is now ready for the tinwork and the contract for that part of the work was let by Mr. Pinelli this week to J. A. Kinsella for \$200. The other bidders for this work being J. G. Marcy & Son, \$205; J. J. Dunbar, \$225; F. Duh-ring, \$235. The ground floor, 22x35, will be used for store purposes, in the rear of which will be two wings, 14x47 each, which will be converted into parlors, dining room, kitchen and lavatories. The second story will be provided with eleven bedrooms, toilets and clothes closets.

When the restored building is completed it will be handsomer and more commodious than ever and a fitting monument to Mr. Pinelli's enterprising spirit.

L. Breitenbach Gets Contract.

The contract for demolishing the walls of the two-story concrete building of Mrs. J. A. Poppe, recently destroyed by fire, and hauling the debris on the public streets for repairing the same was let to Louis Breitenbach last Wednesday evening by the City Trustees for \$157. There was no other bidder.

Insane Asylum Gathers In Two Confirmed Drunkards.

Under the provisions of a law passed at the last session of the Legislature two confirmed drunkards were sent to the Ukiah Insane Asylum by Judge Seawell last Wednesday, one for three months and the other for six months. This bug house water wagon cure is being resorted to in many other counties in this State, and let us hope not without good results.

Warm Weather.

The weather the past week reminds one that the "good old summer time," in so far as the temperature is concerned, is at hand for the first time since last season. To put it mildly it has been as hot as blazes, which has been in striking contrast with the winter weather which has characterized the past summer all over the Pacific coast. The change is thawing out our people and sending the warm blood gushing through their veins, and causing them to realize that life is worth the living.

Bought New Auto.

W. C. Ross, who recently sold his ranch south of town has purchased a new automobile from Jack Gottenberg of the Sonoma garage. The machine is one of very latest out and is a beauty.

Schellville Couple Wed.

Benedict Meyer, aged 23, and Miss Katrina Gisler, aged 28, were issued a marriage license by County Clerk W. W. Felt Jr. last Tuesday. The young couple are residents of Schellville and were married the same day.

GLEN ELLEN TO HAVE MASQUERADE BALL

To be Given on the Evening of

Oct. 21st by Mr. and Mrs.

Morris Levy of the
Mervyn Hotel

Glen Ellen is to have a grand masquerade ball on the evening of Saturday, Oct. 21st. It will be given by Mr. and Mrs. Morris Levy, the popular owners of the Mervyn Hotel, which is sufficient guarantee of a big turn out of the party-going people of the Sonoma Valley. One of the features of this social event will be the awarding of handsome prizes to both ladies and gentlemen for the best sustained characters. The music will be furnished by Mrs. Berry's orchestra and an admittance fee of 50 cents will be charged. There will be a big delegation of Sonoma people at the ball, a number of whom have already ordered costumes for the same and will compete for the prizes.

Grass Fire in Glen Ellen Threatens the O'Donnell Home.

A grass fire which broke out in the hills near Glen Ellen last Wednesday came near destroying the beautiful home of Dr. C. C. O'Donnell. Owing to the heroic efforts of the people of our sister town in which the women took a prominent part, the dwellings and outbuildings were saved, although the water tank was on fire at one time and threatened to cut off the water supply.

A New Comer.

Frederick J. Hansen has purchased the Cochran ranch in the western suburbs of town and will locate permanently in this valley. Mr. Hansen is a well-known business man of San Francisco and in locating in this valley with his wife, will spend most, if not all his time at his new country home here.

Danger From Accidents Minimized on the Southern Pacific.

In effort an to minimize fatal results from what first appear to be only minor injuries through train accidents, the Southern Pacific Company, through its chief surgeon Dr. F. K. Ainsworth, has ordered installed on its baggage cars, combination cars and cabooses, what are known universally as "firstaid" packages. Ever since the railroads of the country first became interested in first aid work, the Southern Pacific trains have been equipped with first aid kits, but these were so large that when one was opened only one or two were used and several were left to become dirty and unfit for medical use.

The first aid packages contain only sufficient bandages and dressings for one wound and a sufficient number of packages are placed in each car to take care of a large number of wounds should it happen that any great number of persons incur injuries at the same time. Danger from train accidents, which has been minimized to such an extent during the last few years by modern and safety devices, is further diminished by having these first aid packages at hand at all times and practically all train crews have become skilled in rendering the first-aid work.

For the convenience of patrons Dr. Lawson, the optical specialist, states he will make his professional visits to Sonoma regularly on the third Thursday of the month.

WARDING OFF COLDS.

Keep Your Hands Clean and Away From Your Nose and Mouth.

"Trying to trace a cold is not easy," said a health expert. "Many if not most of them are credited to drafts. It is very unfortunate that these cool currents of air, especially if the air is fresh, are so generally and persistently maligned. When grandma or father sneezes mother looks at once for some open door or window and it is promptly closed. If John or Mary has the snivels in the morning nothing seems clearer than that they slept near an open window. On the next night the windows are kept closed and the good, pure air is kept outside for the birds and the squirrels.

"I say it is too bad that air in motion has achieved such a bad reputation. A cold is a disease, and only follows an infection, and the infection can only come through the nose or mouth. There is no question about this. All doctors agree on it, and it seems, at least to those in the profession, reasonable and simple. Your hands gather germs all the time, because disease germs are as common as weeds. You put your hand up to your nose or mouth many times a day—it is a habit—and a bad one. The germs lodge in these entrances and at an opportune time are taken into the system. When a cold develops as a result you wonder in what way you have been indiscreet, and at once try to recall some draft or sudden cooling off.

"The best remedy for a cold is to take lots of fresh air—good, pure food and enough exercise. The best way to prevent a cold is to wash your hands often and never to put your fingers either in your nose or mouth. Remember that a cool or hot or any current of fresh air blowing on your back at night or in the daytime can never infect your system and produce a cold. Colds come from a germ."—New York Press.

Blooming Traffic Regulator.

A hansom cab while going through a narrow London street was stopped by a line of carriages on one side and by a stationary cart filled with flowering plants on the other.

"Cabby" civilly requested the driver of the cart to move on and let him pass, but was answered with a defiant grunt and sneer, whereupon the cabman brought his horse's head in close proximity to the cart and then slackened the reins.

As the animal began to browse among the mignonette and geraniums his driver called out to the florist's man:

"He's a-smelling on 'em, ain't he?"

The driver of the cart turned round in time to see a long stalk with a flower at the end of it extending from the horse's mouth. In a moment the way was clear for the hansom.—London Tit-Bits.

Colors in Fireworks.

The chief constituents of all fireworks are gunpowder and its ingredients. Iron and steel filings and cast iron borings, free from rust, are used to increase the brightness of the display and produce the Chinese fire. When the rocket explodes up in the air the bright and varicolored sparks are produced by these filings as they ignite in the oxygen. Copper filings and copper salts are used to produce greenish tints. A fine blue is made with zinc filings. A light greenish tint with much smoke is made out of sulphuret of antimony. Amber, rosin and common salt protected from dampness, produce a yellow fire. Salts of strontia make a red light. A green light is also made by the salts of barium.

Casting of Metals.

As is well known, some metals are unsuitable for casting, while others, like iron, can readily be cast in any desired shape. The property of casting well is said to depend upon whether the metal contracts or expands on solidifying from the liquid form. Iron, like water, expands in solidifying, and hence the solid metal may be seen floating in the liquid iron about it. The expansion causes it to fill the mold into which it is poured, and so it can be cast easily. Gold and silver contract in cooling and therefore are not suitable for casting.—Harper's Weekly.

Knew Who to Blame.

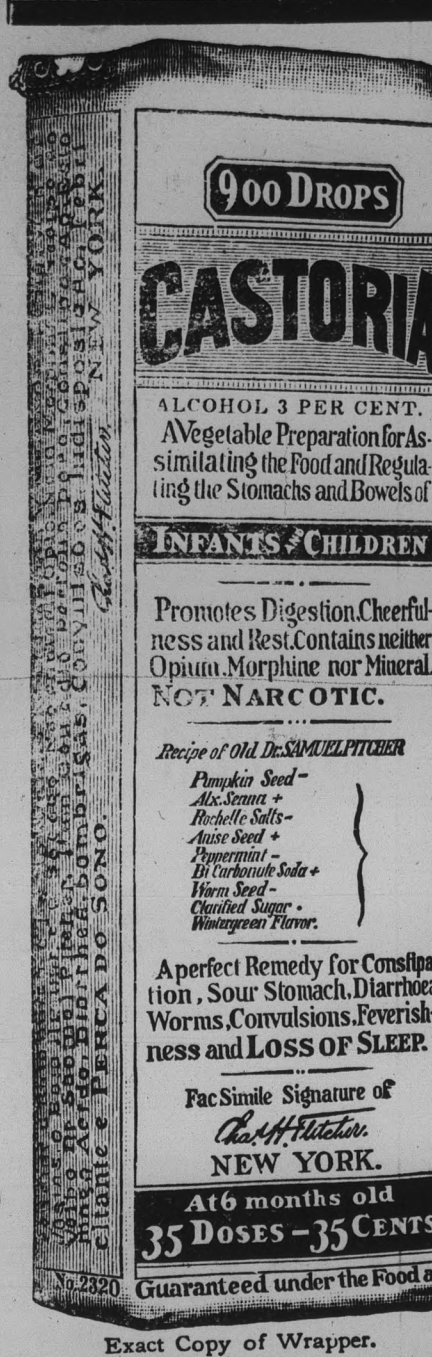

In a city not subject to earthquakes there lived a family which had one of those domestic of the break everything they touch sort. Recently the town expressed a slight shock. Pictures were thrown down, crockery and furniture rattled about. In the midst of the tumult the mistress went to the head of the stairs and called out in a would be patient tone, "Mary Ann, what are you doing now?"
